

Východoslovenská energetika a.s.  
confirms that

**EUROVIA SK, a.s.**

offtakes electricity generated from renewable resources from Východoslovenská energetika a.s. Both companies directly contribute to the sustainable development and decline in production of greenhouse gases by avoiding the CO<sub>2</sub> emissions.

**EUROVIA SK, a.s. plans to offtake 2510 MWh  
of electricity generated from renewable resources  
between 1. january 2025 to 31. december 2025.**

The certificate was issued on the basis of transferred Guarantees of the origin of electricity generated from renewable energy sources through OKTE, a.s. according to the Act no. 309/2009 Coll. on support of renewable energy sources and high-efficiency combined heat and power generation and on amendment of some acts.

Ing. Ján Kudlovský  
Head of Commodity trading  
Východoslovenská energetika a.s.

This certificate issued by Východoslovenská energetika a.s. has solely informative character, it does not represent any guarantee of the origin of the electricity generated from renewable energy sources, neither the confirmation of the origin of the electricity generated from renewable energy sources in terms of relevant legal provisions. It does not create, terminate, or adjust any rights or obligations towards Východoslovenská energetika a.s. or towards the addressee of this document.
